

COMBO

Description

Vulcan Combo a blanket which combines the requirement for UV and conventional printing on the same press.

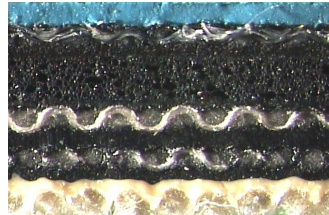

Designed with a compressible layer and durable construction, Combo can be used for paper, foils, carton, or metal decorating.

The fine buffed top layer provides excellent ink transfer, clean sheet release, and easy wash-up.

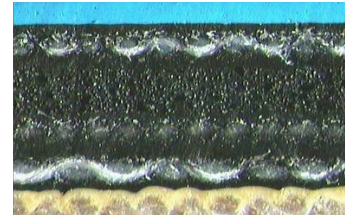

MAIN APPLICATION

Commercial Sheetfed, Packaging Metal Decorating

Vulcan Combo is available in 4-ply, (1,96 mm) thickness.

Standard

Vulcan Combo
